

It's that time of year again! The air is crisp, the leaves have fallen, and MeANS students are making swags!! Our students make 2 different kinds, one decorated and one not; these make great Christmas gifts and look great on any front door.

Students are excited about the opportunity to make these swags. Not only because of the standards we will meet, but the hands-on experience that will get us into the holiday season!! Our goal is to raise funding to purchase more tilapia for our aquaponics system.

To get your very own swag you can contact Phyllis or Mitah through their email: pemery@mainecademy.org mitahb@gwh.org

Last Day to order 11/18/2022 with the pickup date being 12/8/2022.

Any orders placed after 11/18 will be filled by 12/15, payment on delivery.

Pricing may vary. The decorated ones are \$15. The plain ones come with a bow, and they are \$12. Please make checks payable to Maine Academy of Natural Sciences.

Decorated

Undecorated
